

Palm Mills and your Supply Base...

form a winning partnership with GreenPalm

How GreenPalm works for Palm Mills & their Supply Base:

1. Achieve **RSPO standard certification**. For advice visit www.rspo.org
2. Register with GreenPalm's certificate-trading platform. Visit www.greenpalm.org
3. Receive one **GreenPalm certificate** for each tonne of palm oil, palm kernel oil or palm kernel expeller you are certified for
4. Sell certificates to manufacturers wanting to offset their palm use
5. Receive the full certificate price as a premium

The benefits of GreenPalm for Palm Mills and your Supply Base:

- Continue to sell palm oil, palm kernel oil and palm kernel expeller to your preferred buyers
- Reach a wider global market, whilst avoiding complex supply chains
- Earn additional income for sustainability straight away
- Protect your local environment and improve community relations
- Improve yields, limit pesticide and herbicide costs and reduce accident rates

Work with GreenPalm to maximise the benefits of sustainable production for your business. **Speak to GreenPalm today!**
